

How to find us!

Travelling from Salzburg Airport to AlzChem Trostberg GmbH

- From the airport please leave by turning left onto the B1 Vienna-State road (away from Salzburg)
- At the traffic turn right, go through the underpass and go onto the A1 motorway direction Munich and A10 for Graz and Villach (note this is a toll motorway and it is best to buy first a ticket at the petrol station on the B1 by the airport in which case first turn immediately right when leaving the airport where you will find a BP petrol station) You must stick this onto your windscreen straight away.
- Once on the motorway, keep in the direction Munich and you will then be on the German A8 motorway, once you have driven over the border.
- Leave the motorway A8 at junction 112 signposted Traunstein, Siegsdorf, Inzell, Ruhpolding
- Go onto and travel on the B306 direction Traunstein
- Go into Traunstein and at the traffic lights turn left in direction Altenmarkt/Altötting and change onto the B304
- On the third traffic light turn right to "Trostberg/Altenmarkt"
- Just stay always onto the "B304" till "Altenmarkt"
- At Altenmark stay on the B304
- In Altenmark, at the second traffic lights turn slightly right and remain on the main road direction Trostberg on the B299
- In Trostberg cross the river Alz and turn immediately right off the main road following the sign CHEMIEPARK TROSTBERG
- Drive straight up to the headquarters and park in the visitors' car park on your left with the river on your right. Note our building in front of you is glass cladded and several stories high, which is the headquarters of AlzChem Trostberg GmbH.
- On the left hand side just before reaching the glass building is our Visitors car park.
- Please announce your arrival at the reception inside the building

Welcome to AlzChem Trostberg GmbH!

The return journey to the Airport:

Travel along the B299/B304 from Trostberg via Altenmarkt to Traunstein. In Traunstein follow the signs for state road B306 direction Siegsdorf and the motorway (blue signs). Shortly before "Siegsdorf" go onto the A8, direction Salzburg. Travel across the border into Austria, (remembering that your motorway toll ticket is still valid if stopped by the police). The road numbering changes to the A1 as you are now in Austria and leave the motorway at exit 296 - "Salzburg Flughafen". Follow sign for Salzburg Flughafen by going round the roundabout and taking the second exit. Go straight, under the underpass and across at the traffic lights into the airport area.

We wish you a good journey home!
