SAFE APPLICATION OF DORMEX®

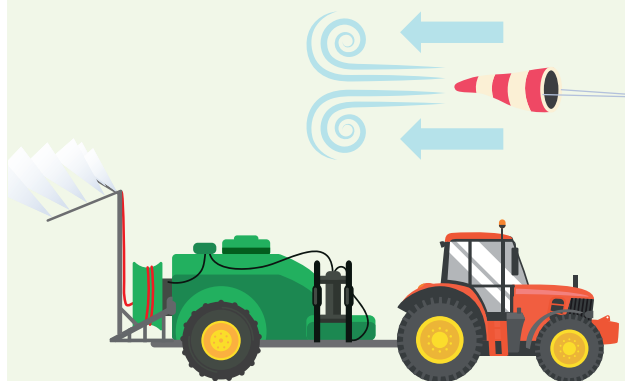

PREPARATION

- Always maintain high standards of hygiene when working with crop protection products.
- Work in an area away from children and animals.
- Avoid any risk of polluting water courses.
- Ensure you understand the product label information: especially product dose rate and safety requirements when mixing and preparing the product.
- Ensure you wear the recommended personal protective equipment (PPE)
- Only use dedicated equipment for measuring and weighing products: Do not use food containers or cutlery.

APPLICATION TECHNIQUES

RECOMMENDED APPLICATION TECHNIQUES FOR DORMEX® DEPENDING ON THE TREATED AREA PER DAY

CLOSED CABIN TRACTOR

BACKPACK SPRAYER

CAUTION

- NEVER SPRAY AGAINST THE WIND DIRECTION!
- REGARDLESS OF THE APPLICATION TECHNOLOGY, ALWAYS WEAR THE PROTECTIVE EQUIPMENT SHOWN IN THIS BROCHURE!
- AVOID SKIN AND RESPIRATORY EXPOSURE WITH DORMEX® AT ANY TIME!

5 GOLDEN RULES

...for the safe use of
crop protection products

1

Exercise caution at all times.

2

Read and understand
the product label.

3

Practice good personal hygiene.

4

Take care of and maintain
application equipment.

5

Wear appropriate
Personal Protective clothing
and Equipment (PPE).

- H317 May cause an allergic skin reaction.
- H351 Suspected of causing cancer.
- H361fd Suspected of damaging fertility. Suspected of damaging the unborn child.
- H373 May cause damage to organs through prolonged or repeated exposure.
- H412 Harmful to aquatic life with long lasting effects.

Precautionary statements

PREVENTION:

- P260 Do not breathe mist or vapours.
- P280 Wear protective gloves/protective clothing/eye protection/face protection.

RESPONSE:

- P301 + P310 IF SWALLOWED: Immediately call a POISON CENTER/doctor.
- P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

STORAGE:

- P405 Store locked up.

STORAGE

- Keep away from direct sunlight. Keep locked up.
- During storage the temperature should be below 20 °C, otherwise product quality and stability decreases. If storing from one season to the next, store at 4 °C.
- Incompatible with acids and bases.
- Keep away from food, drink and animal feedingstuffs.

DISPOSAL

- Cyanamide is harmful to the environment, especially to aquatic organisms. Small amounts can be treated biologically. Waste must be disposed of in accordance with federal, state and local regulations.
